## Strikers Plan To Stay Here Until Demands Met

As plans for the mass trek of striking International Woodworkers of America to Victoria to demand provincial government intervention on the side of the strikers in the dispute between 35,000 woodworkers and sawmill and logging operators were being rushed to completion here and in Nanaimo this afternoon, union officials announced the strikers would camp here until they had secured their demands.

The Victoria local 1-118 of the I.W.A. again issued appeals for autos to transport strikers from up-island points to Victoria, while another group of trek organizers met this afternoon in Nanaimo at 3 to put final touches on the organization up-island before leaving for Victoria to complete plans with the Victoria committee.

The Nanaimo group of organizers was expected to arrive in Victoria late tonight. It represents an advance guard of the general trek.

Local headquarters here announced the trek, which it had been estimated in Vancouver would total 7,000 strikers, would begin at 9 Friday morning from the various up-island sawmill and logging centres. The strikers would proceed immediately to Victoria.

Local headquarters indicated the trek would probably arrive in several groups—in this way the highways between the up-island centres and Victoria will not be tied up by the trek of the strikers.

No estimate was available at local headquarters as to the amount of accommodation which would be available for the trekkers.

**BRINGING BLANKETS, FOOD**  
Accommodation has been found in homes for some women trekkers, local headquarters said, while men trekkers would, as far as possible, bring with them to Victoria their own blankets and food.

Monday night a Greater Victoria citizens' committee was set up to offer direct support to the strikers.

Harold Pritchett, district president of the I.W.A., and Karly Larsen, international office representative, have again conferred with Mr. Pearson. The pair flew from Vancouver to Victoria Monday afternoon for their second meeting with Mr. Pearson within six days.

While no official comment was available from any of the principles, it is believed purpose of the meeting was to discuss a truck plan for re-opening cooperation and box factories to avert a wastage of fruit crops.

## Fortune In Coffin

PARIS (Reuter)—French customs officials at the French-Swiss border today discovered French share certificates valued at several thousand dollars hidden in a coffin beneath the body of a French engineer being brought from Switzerland for burial in Paris. The certificates were in a bag under the head of the corpse when customs officials opened the coffin at the frontier town of Fontarlier.

## Strike Delays Elk Falls Project

Pouring of concrete, which should have been under way by now at the 50,000-horsepower Campbell River development of the B.C. Power Commission, has been delayed by the B.C. lumber strike, S. R. Weston, chairman of the commission, said today.

Shortage of line materials in general has held up other extension programs of the commission, Mr. Weston said.

"The lumber strike has resulted in the contractors' mill on the job being closed down," he said. He added that form work had been retarded as carpenters would not use lumber since the strike.

"It is rather a serious matter," he said.

## 88 Veterans Get Lumber For Homes

Eighty-eight war veterans of lower Vancouver Island have received authorization during the past two weeks from the strike committee of the International Woodworkers of America, through the Greater Victoria Citizens' Rehabilitation Council, to obtain lumber from strike-bound mills to complete their homes.

Authorization to get the lumber from the mills is available, according to the Citizens' Rehabilitation Council, to war veterans whose homes are more than 75 per cent complete.

**OUT OF THE WILD BLUE YONDER**—A Seattle boat builder conceived the idea of converting surplus U.S. navy seaplanes into pleasure cruisers and is now busy remodeling two war-surplus PBYS, one of which is pictured above. The tail assembly will be replaced by a conventional transom stern, a keel added for stability, and interior bulkheads removed to give cabin space and headroom. Marine engines will be installed.

Detachments representing the three armed services of Canada participated in the nine-mile-long Victory Parade in London last Saturday. These Canadian army radiophotos reached the Times today and show some of the vast crowds, running into the millions, which applauded the marchers. At the left is a view looking down the Mall from the Victoria Memorial. The Canadians in the foreground are wheeling past the memorial to go up Constitution Hill. At the right, the Canadians, 12 abreast, are marching past the reviewing stand, with RSM W. J. Dean of Hamilton, Ont., out in front. The King and Queen are on the saluting stand.

## LATEST

### Truman Veto Upheld On House Vote

WASHINGTON (AP)—The House of Representatives this afternoon upheld President Truman's veto of the Case Labor Disputes Bill, thereby killing the measure at least temporarily. The vote was 135 to uphold the veto and 255 to override the President and fell five short of the two-thirds majority required for keeping the legislation alive for Senate action on the veto.

### Wheat Payment 12c

OTTAWA (CP)—The average final payment to prairie wheat growers on 1943-44 wheat participation certificates will be approximately 12 cents a bushel, Trade Minister Mackinnon told the Commons this afternoon.

### O.P.A. Rule Void

PORTLAND, Ore. (AP)—A U.S. District Court denial of injunctions against five Portland meat firms charged with paying above ceiling prices for livestock will result in slaughterers paying "any price" to get meat, a district OPA attorney said here today.

### Crops Improve

OTTAWA (CP)—Good rains during the last week have improved crop conditions in most parts of Alberta and Saskatchewan, while Manitoba is suffering from a lack of moisture, the Dominion Bureau of Statistics said today in the fourth of a series of 15 telegraphic reports covering prairie crop conditions.

## Company Bids On Worst Mill To Start \$1,000,000 Felt Industry In Victoria

Alderman R. A. C. Dewar, chairman of the lands and zoning committee of the City Council, indicated today that his committee would recommend sale of the B.C. Worst Mill on Dallas Road to Felt and Textiles of Canada Ltd. for \$40,000.

Bids for the woolen mills were closed at noon today and the lands committee held a meeting immediately prior to the City Council meeting to open tenders and consider bids.

Felt and Textiles of Canada Ltd. is a newly-registered B.C. company with an authorized capital of \$1,000,000.

Property on Dallas Road, which was built in 1927, is assessed at approximately \$45,000 for both land and building.

Hon. Leslie J. Eyres, Minister of Trade and Industry, announced today that negotiations had been made with local businessmen for the establishment of what he termed "an important new national industry" in Victoria, which will employ 80 persons to start.

### AUSTRALIAN PRODUCTS

In association with Felt and Textiles of Australia Ltd. and their subsidiary companies in New Zealand and South Africa, the new company will begin operations by manufacturing and merchandising throughout Canada, Newfoundland and certain

export markets, the famous Australian products, "Feltex," "Marbled Feltex" and "Luxflor."

Directors of the new company are: Philip Fleming, Denis Hagar, H. Cuthbert Holmes, J. V. Johnson, Archibald Johnston, W. C. Mainwaring, F. G. Waide, Ernest D. Kiley and J. L. Roberts.

The products form floor covering for the home, hotel, office or luxury store, used either in modern wall-to-wall style or as rugs with the customary fringed edges, according to a spokesman for the new company. Cost of the floor covering will be approximately one-half the cost of quality pile carpeting. Restricted wartime color range from Felt & Textiles of Australia Ltd. show 18 colors.

Plans have been made for expansion into other allied products and it is hoped to have other plants established in B.C. As much Canadian wool as can be obtained will be used.

### BRING AUSTRALIAN ENGINEER

Directors of the new B.C. company will be greatly assisted by the fact that the plant layout, installation and initial production will be guided by an experienced industrial engineer and mill manager of the largest felt mill in the world, who will come from Australia expressly for this purpose. He will remain in Victoria until such time as the Canadian employees are fully

## Truman Vetoes Case Bill; Bars Compulsory Work Plan

WASHINGTON (AP)—President Truman vetoed the Case Labor Disputes Bill today because, he said, it would compel men to work for private employers "in a peacetime democracy."

Declaring the measure "strikes at symptoms and ignores underlying causes" of work stoppages, Mr. Truman added in a 4,500-word message that ended more than a week of speculation: "Strikes against private employers can not be ended by legislative decree. Men can not be forced in a peacetime democracy to work for a private employer under compulsion."

### BOARD PROPOSED

Major provisions of the case bill included the creation of a Federal Mediation Board, restrictions against any strike or lock-out while the board sought solution of a labor dispute; a prohibition of secondary boycotts, and provision for court suits against employers or labor organizations violating collective bargaining contracts.

The President coupled his veto with a renewed plea for his own emergency strike control plan, for a Senate-House study of the whole field of labor relations and for enactment of his long-stalled domestic legislative program.

"The fact that we are faced with an emergency which does justify the passage of temporary legislation does not, in my opinion, justify us in the adoption of permanent legislation without

the study that such permanent legislation needs," he declared.

The House, which passed the Case Bill 230 to 106—more than the two-thirds majority necessary to override a veto—faced a quick decision on the labor question.

Failure to override there would kill the bill. But if the House reverses the President by the necessary margin, the veto then would go to the Senate, where again a two-thirds majority would be required. The Senate vote on passage was 49 to 29, less than two-thirds.

Using dispassionate language, Mr. Truman conceded Congress had passed the bill "in the sincere belief that it would remedy certain existing conditions which cause labor strife and produce domestic turmoil." But he added, "I can not agree" with that view.

### SEEN AS FALSE START

He called the bill "a false start" on permanent legislation and said it approached the problem on a "piecemeal basis."

It would not, he said, stop strikes or prevent other practices which hamper "vital production."

The House of Representatives May 25 quickly passed the President's emergency bill in the form he asked, but the Senate later deleted the section authorizing him to draft men into the army if they defy Presidential back-to-work orders.

This change sent the measure back to the House, where it is hung up in the Rules Committee.

Qualified to produce this material in the same quality and efficient manner as it is produced in Australia.

The first installation will be capable of producing 750,000 yards of this material per annum.

"Feltex," "Marbled Feltex," and "Luxflor" have been manufactured for many years in the Antipodes. More than 60 plants are operated and they are the largest manufacturing consumers of wool in the southern hemisphere. These companies utilize more than 16,000,000 pounds of wool a year, which is four times the total wool production of Canada. They employ upwards of 5,000 employees with an annual turnover exceeding \$30,000,000.

### OTHER PRODUCTS

The directors plan to expand at appropriate times, by entering the manufacturing field with the following items: Felt blankets for pulp and paper mills; men's, women's and children's felt slippers; needle felts for carpet underfelt, insulation, and for use in the footwear trade, woolen felts for engineering purposes and for use in the furniture trade.

With an estimated need of 500,000 pounds of wool a year at the commencement of operations the new company will import large quantities of wool from Australia. It hopes however, to foster a greater production of wool in B.C. and adjoining provinces.

The directors plan to expand at appropriate times, by entering the manufacturing field with the following items: Felt blankets for pulp and paper mills; men's, women's and children's felt slippers; needle felts for carpet underfelt, insulation, and for use in the footwear trade, woolen felts for engineering purposes and for use in the furniture trade.

## House Of Hesse To Get Back Jewelry Stolen By Yanks

WASHINGTON (AP)—Maj. Gen. Lloyd Parks said today that \$1,500,000 in jewels recovered from a United States colonel and his W.A.C. wife would be returned to the German House of Hesse.

Gen. Parks, director of the War Department's bureau of public relations, added at a news conference that the jewels would be held as evidence pending trial of three officers now detained in connection with their disappearance.

These are Col. J. W. Durant and his bride, Capt. Kathleen Nash Durant and Maj. David S. Watson. Col. Durant said today finding of the jewels was accidental. Gen. Parks said it had not been decided whether to try them here or overseas.

He said, however, the jewels are considered as the private property of the Hesse family.

Col. A. C. Miller of the Provost Marshal's office reported customs officers had taken 106 unset diamonds from Col. Durant when he returned to this country from Germany. Col. Miller said he disclosed this because of reports that there was that number of diamonds missing.

## 4,000 Ford Workers Back

WINDSOR, Ont. (CP)—Some 4,000 production workers at the Ford Motor Company of Canada Ltd. plants here, laid off since May 9 when material shortage resulted in shutdown of the main production lines, returned to work today.

**HITLER HEADS GO INTO FIRE**—Of interest to philatelists is this. Some of 500,000,000 Hitler head stamps are shown being destroyed at Vienna, as part of the Allied campaign to get rid of the Nazi virus. Capt. Alfred E. Krull of Kansas City, postal officer, is pictured tossing a sheet of the collectors' items into a furnace.

**Retail Meat Head  
Says Government  
Should Step In**Belief that the government  
should "step in and set a ceiling  
on producer, retailer and whole-  
saler" during the present beef  
crisis was expressed by Reginald  
Williams, president of the Van-  
couver Island Retail Meat Asso-  
ciation, today, when he said the  
association was "standing pat" on  
its present price, refusing to  
pay the new one-cent increase in  
wholesale beef prices.Another meat famine for Vic-  
toria was considered a possibility  
by Mr. Williams.If the retailers paid the increase  
they would lose money, he said,  
and added that it was possible  
if they did not, the wholesalers  
would lose money."However if they are losing  
money they should stop buying  
beef as we are doing. It's up  
to the government."Retailers have declined to pay  
more than 23½ cents a pound for  
"red" brand beef and Victoria  
packing houses Monday met re-  
tailers' demands.A. C. Lindsay of Swift Canadian  
Co. Ltd., said the ceiling should  
be lifted on the retailer or one  
put on the producer."We expect a car of meat in  
Thursday and it is likely the price  
on that may be higher," he said.  
Retailers, held to the old vic-  
tims while wholesale prices are  
free, are awaiting the results of  
the nationwide retailers' confer-  
ence in Ottawa. They expect  
the meeting will devise means  
of relief.**Saskatchewan Faces  
Heavier Taxation**YORKTON, Sask. (CP)—Sas-  
katchewan residents will be called  
on to pay heavier taxes unless  
agreement can be reached at a  
renewed Dominion-Provincial con-  
ference. Provincial Treasurer C.  
M. Fines said at a meeting here  
Monday night.Entrance of the province into  
the income and corporation tax  
fields was seen by Mr. Fines, who  
said Saskatchewan would need  
\$5,000,000 in new revenue to com-  
pensate for reduced federal sub-  
sidies.**Weather**Weather forecast today and to-  
morrow:Victoria and Vicinity—Clear to-

**500 Blind Persons  
Missed Hotel Fire**WINNIPEG (CP)—How 500  
people escaped possible death by  
a lucky coincidence was told here  
Monday by Capt. M. C. Robinson,  
national director of the Canadian  
Institute for the Blind.The La Salle Hotel in Chicago,  
destroyed June 5 in a fire which  
took 61 lives, was to be the  
scene of a conference of Ameri-  
can workers for the blind this  
week, he said.Capt. Robinson, who lost his  
sight at Vimy Ridge during the  
First Great War, passed through  
here on his way to a conference  
of the Institute for the Blind in  
Toronto.**Wedding Sanctity  
To Be Maintained**TORONTO (CP)—The General  
Assembly of the Presbyterian  
Church in Canada, Monday, in-  
structed all its presbyteries to  
require ministers not to solemn-  
ize marriages in places, or  
under circumstances, that de-  
tract from the sanctity of the  
ceremony.In a resolution on the perfor-  
mance of marriages the Assembly  
ruled that solemnization of mar-  
riage ought to be in a suitable  
place, preferably the church.This action followed criticism  
last Thursday of Rev. R. S. Bur-  
ton of St. Andrew's Presbyterian  
Church at Calgary for perform-  
ing a marriage ceremony May 22  
in a boxing ring between two  
boxers. The principals were John-  
ny Ames, a boxer, and Edna Ander-  
son. Rev. J. B. Skeane of Van-  
couver was the chief critic of the  
boxing ring ceremony, and he  
described the setting as "un-  
seemly."**Bread From Canada  
Poses U.S. Problem**WASHINGTON (AP)—Senator  
Owen Brewster, Rep. Maine, has  
been informed by the New Eng-  
land Bakers' Association that  
Canadian bakers "still enjoy the  
same high-grade white flour they  
have had right along." The letter  
added that Canadian flour dis-  
tribution was cut only 40 per cent  
whereas this country's bakers are  
getting only 75 per cent of last  
year's deliveries.The letter said Canadian flour  
production is still subsidized, but  
that bread made from Canadian  
flour "is brought freely across  
the border and sold in competi-  
tion with United States bread."**Pritchett Replies  
To Archbishop**VANCOUVER (CP)—Replying  
to a statement by Archbishop W.  
M. Duke of the Roman Catholic  
Diocese of Vancouver that the  
strike of 35,000 loggers has  
"Communist leadership," Har-  
old Pritchett, union leader,  
said today he regretted His Grace  
had sided "against organized  
labor."(Archbishop Duke said during  
a Sunday sermon: "The leaders  
are well-known Communists.")  
Mr. Pritchett's statement read:  
"We have no fight with the  
Catholic Church and it is regret-  
table that His Grace takes this  
opportunity to side with the Cana-  
dian Manufacturers' Association  
against organized labor."**GLOBAL  
SURVEY**By DEWITT MACKENZIE  
Associated Press World Affairs  
WriterFurther postponement of the  
debate over the hot Spanish is-  
sue in the U.N. Security Council  
is symptomatic of international  
difficulties as the great powers  
approach the veto hour for the  
showdown over the divergences  
between Russian and the West-  
ern Allies.This showdown may come in  
the conference of the Big Four  
Foreign Ministers due to meet  
in Paris at the end of this  
week. In any event, that confer-  
ence is the focal point of the  
crisis. The most important as-  
pect of the dispute in the Security  
Council over Spain lies in the  
fact that an explosion there  
might easily have an adverse ef-  
fect on the Paris parity.The problem of the heretofore  
unhappy Paris conference will be  
to determine whether com-  
promises can be achieved to per-  
mit the drawing up of the Euro-  
pean peace treaties without  
which rehabilitation staggers  
along on crutches. Because of  
the urgency of these treaties  
State Secretary Byrnes of the  
United States appears prepared  
to cut loose and go ahead with-  
out Moscow's co-operation if  
necessary.Thus the coming weeks are  
quite likely to give us a much  
more definite view of the trend  
of relations between Russia on  
the one hand and Britain and  
the United States on the other.Should there be deterioration,  
the question naturally will arise  
whether peace is in danger. We  
should be foolish not to face that  
unwelcome question squarely.  
There definitely would be danger  
if we believe the position still is  
fluid. We have not by any means  
reached a situation which is ir-  
reparable.Unbridled optimism of course  
would be equally unwise, for the  
situation is serious. This much  
can be said, however: There re-  
cently has been an undercurrent  
of hope in diplomatic quarters  
inspired by the belief that Mos-  
cow has about reached the end  
of its demands and that Premier  
Stalin is preparing to offer col-  
laboration. The Paris conference  
should show whether this is so,  
and the debate on the Spanish  
question in the Security Council  
might even be a straw to show  
how the wind lies.**'Good Guy' Brings  
Free Bread—And Jam**KANSAS CITY (AP)—A re-  
porter investigating a traffic  
jam in this bread-hungry city—  
gripped by a 10-day bakers'  
strike—found a man who was  
going away fresh bread to mo-  
torists and pedestrians.The man was dispensing the  
loaves from his automobile,  
which was piled high with bread  
bearing an out-state bakery  
label. He declined payment and  
refused to give his name.  
"This bread's on me. There's  
got to be at least one good guy  
left in the world, hasn't there?"  
he remarked, as he gave away  
the last loaf and drove off.**Overnight Mail  
Across Atlantic**LONDON (CP)—The Earl of  
Listowel, Postmaster General,  
told the Imperial Press Confer-  
ence today there soon will be  
overnight airmail service be-  
tween Great Britain and the  
United States and forecast re-  
ductions in postage on such mail.  
The current rate is one shilling  
three pence (about 27 cents) per  
half ounce.He also predicted indefinite  
continuation of the rate of a  
penny a word on press dispatches  
within the Empire and said the  
government intends to follow a  
recent reduction in cable rates  
between Great Britain and the  
United States with lower rates  
with other non-European coun-  
tries.Lord Listowel spoke of the  
possibility of laying special tele-  
phone cables across the North  
Atlantic. The project was being  
studied with a possibility of some  
development in the near future.**Canadian Doctors  
Meeting At Banff**BANFF, Alta. (CP)—Continu-  
ation of business discussions  
started Monday were the main  
items on the agenda of the Cana-  
dian Medical Association today  
during the second day of its 77th  
annual meeting. The rest of  
the week will be devoted to gen-  
eral sessions and presentation  
of papers on a wide variety of  
medical subjects.The C.M.A. Monday night held  
a joint session with the Ameri-  
can Pharmaceutical Manufac-  
turers' Association and heard Dr.  
Leon GerinLajorie of Montreal,  
president of the C.M.A., describe  
it as the first meeting in history  
of the medical profession and the  
pharmaceutical industry.**Recital Aids Red Cross**A recital in aid of the Red  
Cross was held recently at the  
Victoria Truth Centre, 734  
Fort Street, by piano pupils of  
Miss Florence Philmore, as-  
sisted by Jack Dixon, soloist,  
pupil of Mrs. Agnes Simpson and  
Allen Tregear, violinist, pupil of  
Miss Dorothy Francis. The sum  
of \$17.50 was realized and those  
taking part were: Carole Mc-  
Clellan, Barbara Davis, Mary  
Dunn, Clark Dunn, Hazel Sweet-  
ing, Alan Davidson, Jean Saun-  
ders, Gordon Cook, Maurine

#### Authorities Seek To Trace Treasures

LONDON (Reuters) — The Daily Telegraph reported Monday that British authorities have sent an appeal to art dealers and collectors throughout the world to help trace treasures valued at \$40,000 (\$178,000) which disappeared some time ago from a wartime refuge in London.

The Telegraph said the collection was deposited in storage early in the war and consisted of ancient Persian carpets, silverware and rare china.

The theft did not come to light until after the death of the owner, when the executors visited the storage place to settle the estate.

#### Archbishop Urges Expel Labor Reds

VANCOUVER (CP) — Archbishop W. M. Duke of the Roman Catholic diocese of Vancouver has called on the labor movement in British Columbia to "stand on its own feet" and remove "Reds" from leadership.

He charged the present strike of 35,000 men in the lumber industry has "a Communist leadership," and said:

"The leaders are well-known Communists. Their records here and elsewhere open to investigation have been clear and plainly written."

## House Approves Plans To Expand Scope Of Research Council

OTTAWA (CP) — Government plans to increase the scope of the National Research Council and bring it into line with its wartime expansion drew general approval in the Commons Monday although Progressive Conservative members expressed disapproval of some of the powers being given to the body.

Under the bill adopted, the Council's executive will be expanded and it will be given the authority to establish Crown companies to carry on some of its work.

Progressive Conservatives objected to the council having the power to establish an unlimited number of government companies and urged that definite provision be made to keep any such companies within the control of Parliament.

Reconstruction Minister Howe said the Council would set up a corporation to handle patents and probably others to handle pilot plants needed by the Council in its work. It would not manufacture commercially, but Mr. Howe said he would not go so far as to say such manufacture might not be carried out by other government companies.

While supporting the principle of the research bill, opposition spokesmen criticized various features of the measure and suggested changes.

Howard Green, P.C., Vancouver South, said the Progressive Conservative Party supported the aim to have the Council continue its war expanded work in research. The party was opposed, however, to the Council going into the business field.

John Blackmore, S.C., Leithbridge, Alta., said the principle of the bill was good, but the

truce. It favored instead a temporary wage agreement by which workers would return for the three-week period at the rates in effect May 15, with final payroll adjustment on the basis of rates reached after the strike is settled.

He said the strike was a temporary wage agreement by which workers would return for the three-week period at the rates in effect May 15, with final payroll adjustment on the basis of rates reached after the strike is settled.

#### Deportation Order. Odious, Says Paper

WASHINGTON (CP) — The Washington Post in an editorial Monday declared Canada's proposal to deport Japanese Canadians would be "an odious manifestation of racialism."

Reviewing the Canadian deportation order and the pending appeal to the Privy Council, the paper urged the abandonment of the whole proposal.

"By revoking or at least mitigating it, Canada has an opportunity to set an example of tolerance to our own country and to the world," the editorial said. "Canada will refresh its own great traditions of freedom if it gives these harassed people a chance to make a genuinely free choice now that the hysteria of war is ended."

#### 2 Per Cent Dividend On C.P.R. Preferred

MONTREAL — At a meeting of the board of directors of the Canadian Pacific Railway Company, Monday, a dividend of 2 per cent on the preference stock in respect of the year 1946 was declared payable Aug. 1 next to stockholders of record at 3 p.m. July 1.

Launches attack from Nuremberg—Justice Robert H. Jackson.

## Jackson-Black Tilt May Produce New Rules For U.S. Supreme Court

WASHINGTON (AP) — The unprecedented spectacle of one United States Supreme Court justice publicly assailing another stunned official Washington today, but several lawmakers held they term the "lost dignity" of the tribunal.

The bombshell which Justice Robert H. Jackson exploded in his blunt attack on Justice Hugo Black projected a long-smoldering judicial feud out into the open, and these influential lawmakers thought this could be a good thing in the long run.

Specifically, they said privately, Congress may order a complete overhaul of court procedure in an effort to minimize "bickering" on and behind the bench.

At the moment, however, Washington circles buzzed with more immediate speculation over whether Justices Jackson and Black intended to continue on the high bench, despite a virtual state of war between them.

Justice Jackson, now serving as chief U.S. prosecutor at the war crimes trial in Germany, lashed out at Nuremberg Monday night at what he called Black's "bullying" tactics. He declared his colleague had threatened him with "war" unless he "covered up facts" in the portal-to-portal mine pay case in which Justice Black's former law partner represented the victorious United Mine Workers.

Justice Jackson addressed his complaint to the Senate and House of Representatives judiciary committees.

Most of the House members said a recommendation for a full dress review of court procedure is a distinct possibility. This, they added, could lead to new rules for the tribunal to follow, particularly with regard to disqualifying justices from participating in decisions under certain circumstances.

St. Joseph's L.A.—The regular meeting of St. Joseph's Hospital L.A. was held with Mrs. Frank Doherty in the chair. Mrs. Blair Reid, the treasurer, reported 333 pieces and 1,848 sponges made. The annual meeting will be held at the Nurses' Home on July 2. Important business will be discussed and membership dues received.

## U.S. Housewives' Basic Staples Bread and Meat Fast Vanishing

WASHINGTON (AP) — The housewife's basic staples—meat and bread—either were gone or rapidly going from dealers' shelves over a great part of the United States today and new supplies to fill the gap were apparently weeks away in most areas.

The bread scarcity in a number of major cities verged on the acute stage, and an Associated Press survey disclosed the same held true for meat. Soap, butter and cooking fats ranked next on the list of increasingly hard-to-get items.

The outlook in the cities covered seemed to be that these shortages would grow worse before the situation improved. Harvesting of the new wheat crop promised to ease the bread-flour picture, but complex uncertainties made the prospects dubious.

## Ottawa Rejects I.W.A. Truce Plan For Box Factories

OTTAWA (CP) — A union proposal of a three weeks' truce in the co-operative and box factory sections of the British Columbia strike was found unacceptable by the federal labor department, George Cruickshank, Liberal M.P. for Fraser Valley, told the Canadian Press Monday night.

Mr. Cruickshank said he was continuing negotiations with Ernest Deiskog, international executive member of the International Woodworkers of America (C.I.O.-C.C.F.) and was hopeful of obtaining a truce in time to avert grave wastage of the British Columbia fruit crop through lack of containers.

Difficulty in the negotiations had arisen on the question of what wages the workers would receive during the three-week period, the member said. The union seeks to have the workers paid 25 cents an hour more than they were receiving when the strike started May 15, with final payroll settlement to be adjusted to correspond to the final agreement reached at termination of the strike negotiations.

The government had not accepted this as a fair basis for a

## Foundry Operators Fear Business Loss

VANCOUVER (CP) — Foundry operators here have issued a warning that the city's month-old strike is rapidly shrinking the foundry industry.

E. C. J. Bird, an official of Major Aluminum Products Ltd., said workers will find fewer jobs to return to when the strike ends. Eastern companies are responsible for more than 40 per cent of the company's orders, he said, and they are canceling them and having the patterns flown east.

"Years of hard work building up payrolls in B.C.'s secondary industries have been wiped out," Mr. Bird said.

Steel foundry operators also report contracts are moving east because of the strike. The majority of domestic business formerly done in Vancouver is moving to Calgary and Winnipeg, he said, "and it will be a long time coming back."

## Fire Deaths Now 17

DUBUQUE, Ia. (AP) — The death toll in the Canfield Hotel fire rose to 17 Monday when searchers uncovered another unidentified body in a fourth floor room of the charred structure. The list of persons unaccounted for has dropped to 13.

## ANOTHER FIRST FOR STOKELY'S FINEST

## 300,000 Tomato Plants from Sunny Georgia Flown to You for Freshness!

Picked in Georgia Yesterday . . . Planted in Essex TO-DAY!

FOR THE FIRST TIME in Canada's food-canning history, Stokely speeds young spring tomato plants across a continent—overnight by air!

From Sun to Sun. Awakened by the warm rays of the sun away down south in Georgia, these tender tomato plants went to bed in Essex before the sun again! And so, by this modern means of air-transport, Stokely-Van Camp of Canada is able to pack for your pleasure—red, ripe, luscious tomatoes—rich in vitamins, and virtually garden-fresh in flavor.

While Canadian-grown plants are struggling against the elements for their very existence, southern plants are basking in the warm sun and storing up vitamins and flavor. Small wonder then that when the miracle of air transport made it possible for south-

ern plants to be delivered to Canada for planting while still dewy-fresh and vitamin-packed, Stokely acted.

### THIS IS STOKELY LEADERSHIP

First to introduce the sensational, modern method of dusting pea crops by airplane—Stokely now scores another "first" by sparing no expense to ship 300,000 tomato plants BY AIR—then, transplanting this choice crop on home soil. Here's dramatic proof that where the freshness, the richness, the finer flavor and quality of food will be assured through better and newer food-producing efforts, you can count on Stokely's for that leadership.

STOKELY-VAN CAMP OF CANADA LTD.  
ESSEX, ONTARIO

Canada's Finest MEANS Stokely's Finest

## THE HIGHEST WAGE RATES IN CANADIAN HEAVY INDUSTRY

Here are existing rates compared with those proposed by Hon. Chief Justice Sloan, which operators agreed to adopt:

LOGGING:		Present Rate	Proposed by Chief Justice Sloan
COMMON LABOUR—		Per 8-hour Day	Per 8-hour Day
Dishwasher	Occupation	\$ 5.41	\$ 6.61
Section Hands		5.60	6.80
Wood Splitters		5.36	7.16
LOGGING CREWS—			
Signal-Punks (Boys)		6.08	7.28
Chokemen		6.64	7.84
Rigging Slingers		7.76	8.96
Yarding Engineers		8.58	9.78
Head Loaders		9.11	10.31
High Riggers		10.16	11.36

Fallers and Buckers, whose daily earnings now range from \$12.00 to \$18.00 per day, would be increased in proportion to the advance in daily rates.

SAWMILLS:		Per Hour	Per Hour
COMMON LABOUR—		\$ .67	\$ .82
Green Chain Hands		.72	.87
Resaw Feeder		.77	.92
Tail Sawyer		.79	.94
Setter		.32	1.07
Gang Sawyer		1.03	1.18
Edgerman (Over 10 ft.)		1.12	1.27

Night Shift Employees, 5c per Hour Extra.

Acceptance of the Sloan award by the I.W.A. can put employees back on the payroll within 24 hours.

# FUTILE PROCEDURE

WHETHER THE DELEGATION WHICH the officials of the International Woodworkers of America intend to send to this city on Friday is composed of 500 or 5,000 strikers, it is scarcely likely that the provincial government will retreat from the cabinet's stand which Premier Hart and Minister of Labor Pearson expressed into the statement they issued on the first day of this month. Reduced to a few words, they commended the recommendations which Chief Justice Sloan had submitted for the consideration of operators and employees, and urged both sides to the dispute to accept them. If this meant anything at all, it meant that the administration at the Parliament Buildings believed the proposal provided an equitable formula for a prompt settlement of this devastating strike in the province's major industry.

With this official government view in mind, therefore, the statement credited to one official in Vancouver, that "we will stay there until we get results," smacks very much of a species of threat. If we know anything of Premier Hart, and we have had some experience with him, there is still enough Irish in him to resent dictation from any direction—labor or management. Regardless of the conflicting arguments for which both sides to the dispute must accept responsibility, the fact remains that every additional day on which there is neither output from the forests nor production from the mills, the greater is the economic hardship which British Columbians in all walks of life will be called upon to suffer. Sooner or later, of course, public opinion will take a hand. It is already getting impatient.

# LAND OF OPPORTUNITY

FEW WILL QUESTION RT. HON. ANTHONY EDEN'S description of Canada as "a land of brilliant record and unrivalled opportunity." Nor will anyone quarrel with his statement to service personnel returning to the Dominion that "Canada now stands as a land of hope and freedom, of courage and of enterprise."

The record of which the former British Foreign Secretary spoke has been enhanced by the expenditure of tremendous energies during the war years. The opportunities before Canadians are as big as they care to make them. But the very recognition given this nation carries with it responsibilities which Canadians cannot easily ignore. From the Dominion must come much of the food to save starving peoples in less bountifully endowed countries. From it, too, must come the materials to assist world rehabilitation in the physical sense. These are obligations resting on "a land of hope and freedom, of courage and enterprise." They cannot be discharged adequately while internal friction slows down production, denies the means of shipment to those who have the produce, or products to ship, or disrupts the nation's economy in a way to destroy its effectiveness in the relief of sorely pressed peoples.

By virtue of her natural wealth, Canada will remain a land of "unrivalled opportunity." But some vital change will be required in sections of her human resources if that opportunity is to be exploited for the benefit of Canadians and, more immediately, for the assistance of the rest of the world. Only if all Canadians, management and labor, pull together for production can the opportunity be seized and the "brilliant record" be made more shining.

# TOURIST ACCOMMODATION

TOURIST PUBLICITY EMANATING from dozens of agencies—government, municipal, and railways—for weeks past has emphasized the holiday call of Canada. It has harped on the fact that this country's asset is surpassed by none. Save in the vital matter of accommodation, and in that regard, says a writer in the Financial Post, "Canada is a puny landlord," compared, for example, "to tiny Switzerland." Those who know that little haven in the centre of war-torn Europe understand how its enterprising people look after the holidaymaker, how they have lured him in summer and in winter, how they regard him—as indeed he is—their annual bread and butter. It is well, therefore, that publicity and other agencies face the problem of how to satisfy the visitor with hotel space and other types of comfortable living quarters while here.

A month ago in these columns we drew attention to the apprehension which several members of the Senate's Tourist Committee at Ottawa voiced about the inability of tourist resorts to accommodate anything like all the visitors confidently expected from the United States this season. Now Brunswick's Senator Foster doubted the wisdom of an elaborate advertising campaign which failed to pay due regard to the difficulties with which every hotel manager from Victoria to Halifax is continually confronted. The article in the Financial Post approaches the point realistically when it argues that Canadian tourist authorities everywhere are in

a quandary as to whether Canada "should oversell the house," and then points out:

"How big is the house, to start with? Canada has fewer than 10,000 hotels, resorts, auto courts, all told today. In 1941, the last Dominion Bureau of Statistics hotel census showed only 5,640 hotels, employing 48,000 paid employees. At that time there were more guest rooms for rent in New York City alone (115,000) than in all the year-round hotels of Canada (112,374). There were nearly as many persons employed in hotel work in New York City (37,000) as in all Canada (48,000). Switzerland dwarfed our accommodation completely, with her 7,800 hotels offering accommodation to 200,000 guests, employment to 120,000 men and women."

Those figures, of course, do not tell the whole story of Canada's accommodation shortcomings. But they lend new emphasis to the urgent need of implementing such legislation as several of the provincial governments have enacted, or have in preparation, for remedying the deficiency. What is clear, however, is that the 10,000 hotels and other equipment of which this country boasts will find it difficult to accommodate the 3,000,000 visitors the Post predicts will cross the border this year and stay for two or three or more days.

# FUEL SHORTAGE

IF VICTORIANS ARE CAUGHT WITH inadequate fuel to carry them through next winter, it will not be from lack of warning by the authorities. The type of rationing announced yesterday by Hon. C. D. Howe, Minister of Reconstruction, limiting to 60 per cent of normal annual requirements the amount of Class A coal a domestic consumer may buy between now and Nov. 1, indicates the condition which may be expected. Furthermore, while timber is not being cut in the forests and the mills are not turning out slab wood, indications are that that kind of fuel will be in even shorter supply.

At the same time, many beaches around this coastline are choked with logs. The wise citizen is bending over his crosscut and building up a stockpile for the colder days later on. It may be comfortable for those who are making no provision to note that the season immediately ahead will be warm and that conditions may be different by the time the north winds blow; but it is scarcely sensible.

Many will say they are too far removed from the beach to collect their firewood there. Individually they may have little opportunity to secure supplies at the expense of labor alone. But the problem could be solved by community effort, through joint hiring of trucks or trailers. And any action which cleared the beaches would be appreciated by the municipal authorities within whose jurisdiction they lie. It is also true that some of the wood is not first grade. Next winter, however, any kind of wood will be better than none at all.

# A WOODWORKER'S COMPLAINT

BRITISH COLUMBIA EVIDENTLY HAS no monopoly on the problems of the woodworker. An artisan employed in the manufacture of forest products appeared in his working clothes before a Senate Congressional Committee in Washington yesterday. In his hand he carried a loaf of bread—complaining that he had spent two hours and had searched five bakeries before he found it. He told the Senate's Small Business Committee that it was becoming extremely difficult to buy meat. All he had been able to get during his peregrinations was salami. "And the only way to eat salami," he said, "is in a sandwich, and the only way to have a sandwich is with bread, and you can't get bread now."

It is not our intention to put ideas in the heads of local distributors of bread and meat—or even salami—but it is permitted to wonder how some of the 35,000 striking members of the I.W.O.A. would feel if they were to discover one of these bright mornings that the purveyors of these simple food products had suddenly gone on strike and refused to sell to the families of wage-earners who are throttling the economy of the province. For it is the small businessman, the corner grocer, who will be the first to be asked for credit.

# FARM LOANS

CANADIAN BANKERS BELIEVE THAT farm borrowing will continue to increase this year. Since the Farm Improvement Loans Act went into effect a little over a year ago, the number of loans to farmers has shown an upward trend. Under this Act, farmers may borrow up to \$3,000 for a term of 10 years, at a top interest rate of not more than 5 per cent. The conditions of borrowing depend upon the use to be made of the loan.

Where the loan is for repair, construction or alterations on buildings, it can be made up to 90 per cent of the costs. Where the loan is for the purchase of new farm implements, two-thirds of the cost is permitted. In the case of purchasing livestock for breeding, purchase of electrical equipment or electrical systems, fencing, drainage, clearing land and soil conservation, 75 per cent of the cost is allowed. For security on these loans, bankers may take a lien on the implements, or a mortgage on the land. Taking a mortgage on the land as security, however, is permissible only under the Farm Improvement Loans Act.

Thus far, there have been two factors which have contributed to restricting the number of loans. In the first place, there has been a shortage of materials, equipment and farm implements. In the second place, the sound financial condition in which many farmers have found themselves has made it possible for them to rely on their own resources. Some farmers, nevertheless, feel that they would rather borrow from the banks than use their savings, claiming that a loan would be paid back, whereas their savings might not be replaced.

# Walter Lippmann

## A STRAW IN THE WIND

THE OTHER DAY at the Pilgrims' dinner in London Field Marshal Smuts had something to say which, if he was correctly reported in The New York Times—and I do not doubt that he was—is worth more attention than it has had in Washington. "The Prime Minister of South Africa," said the Times dispatch, "pictured the world of tomorrow as divided into two great power groups, the Soviet Union in the East and the United States in the West, with the British group between them. . . . Field Marshal Smuts assigned to the British Empire—the task of interpreting the one to the other and thus preventing war."

Here then we hear the most eminent and respected of British elder statesmen, who still holds high office, stating—after a conference of the Dominions in which he participated—that the proper role of Britain is that of the mediating power between Russia and America.

THIS IS THE role which, as respects Europe and the Middle East, the United States was attempting to play until about February, when Secretary Byrnes changed his policy radically and renounced it. He did this under heavy pressure from the British government and from influential elements in the State Department and in Congress. The role of the mediator, it was said, is immortal. You cannot mediate between right and wrong. Lord Vansittart cried out angrily that to choose to be the mediator in "the area of Anglo-Russian contention" in Europe, the Mediterranean, and the Middle East was "self-righteous abstention." "Six of one and a half dozen of the other." It was "the new isolationism" and it was "appeasement." Mr. Byrnes, in renouncing these ineptitudes "has," said Lord Vansittart, "evolved into a statesman."

And then along comes Field Marshal Smuts to say at a dinner in honor of the new American Ambassador, that the role of the mediator, which the United States has renounced, is to be the role of the British Empire.

THIS OUGHT to be enough, I should suppose, to prove that the role of the mediator power is not disputable. But it indicates, I am strongly inclined to think, something else which is interesting and highly significant. It is that while American policy has been evolving in the direction proposed by Mr. Churchill in his Fulton speech, the evolution of British policy is in a different direction.

The line followed by Mr. Bevin in his first ten months was not consistent with the promises and the doctrine of the British Labor party. Mr. Bevin's policy has been to carry on the policies he found when he took office. Whatever the effects abroad, at home this adherence to the line laid down by Mr. Churchill and the old hands in the Foreign Office gave the Labor government a year of freedom from Conservative criticism in foreign affairs, and therefore, much greater freedom in domestic affairs.

BUT, HOWEVER popular it was for a time, this could not be the permanent policy of the Labor government. It was bound to begin sometime to be true to itself. The signs are multiplying that this development has begun. The most notable of all signs is in India, where, as Gandhi himself has recognized, the British proposals really do confirm the sincerity of the British promises of independence. But there are other signs—for example in Egypt.

There are also signs, and indeed reports, that in Germany the British government is exploring a plan of political federation which includes a settlement of the Ruhr. This will, if it proceeds, make Americans wish they had had the wit and the imagination to propose it themselves. Indeed, these British proposals, which may be described as stealing Mr. Byrnes's clothes while he was in bathing, would mark the first true beginning of a European settlement. If they are announced, they will—even if it takes a long time to negotiate their acceptance—mark a radical change in what has been the British line of conduct in Germany.

THE POLICY MR. BEVIN inherited and continued has not only been inconsistent with the promises and views of the Labor party. It has been at variance with the real interests of the British Dominions. Fundamentally their interests are much like those of the United States. The Dominions desire peace; they wish to compose the conflicts of empires and not to be entangled in them.

It is a reasonable surmise in view of what Field Marshal Smuts said about Britain being the mediator, that there must be a strong current of opinion in the Dominions which holds that no good can come of the Churchill thesis of an Anglo-American front throughout the world against the Soviet Union. Certainly what Field Marshal Smuts said is the very opposite of what Mr. Churchill, who spoke the mind of those who have been directing British policy, proposed.

So I think it is a reasonable guess—putting two and two together—that the British policy is going to develop differently than Mr. Byrnes assumed it would when he changed his own policy.

IF I AM RIGHT, then Mr. Byrnes is going to find that he is carrying on a policy which the British, who persuaded him to adopt it, are themselves turning away from.

People don't build their dream house. They plan it for years; then see a "perfectly darling" house and copy it.

Disabled Veterans Only Seek Chance

Even though the effort required to place a partly disabled war veteran in a job may be considerable, it is nothing compared with the sacrifice the man himself has made, Harold L. Butteris, casualty rehabilitation officer of the Department of Veterans' Affairs for Vancouver Island, declared Monday in a luncheon address to the Gyro Club at the Empress.

He said, however, that the disabled war veteran did not want charity, but only the opportunity to prove his ability to work and to take his place in the community.

One of the most valuable traits in an employee, personality, did not deteriorate through physical injury, Mr. Butteris said. The only kind of employment usually calling for full physical ability was day labor.

Furthermore, he added, some of the faults of ordinary employees, including absenteeism, were not likely to be found in disabled men, who usually worked hard to keep their jobs. "The department is convinced that it is justified in its suggestion that it is not only socially, but economically advantageous to both the community and the employer to employ partly disabled war veterans," Mr. Butteris said.

Other speakers at the Gyro luncheon were Dr. J. D. Hunter, who told of the growth and activities of the Queen Alexandra Solarium for Crippled Children at Mill Bay, which he said would continue to depend to a large extent on the generosity of the public, and John Baxter, who spoke in support of the campaign of the Canadian Cancer Society. Funds, he said, would be spent for education, research, and better cancer treatment facilities.

Reunion Dinner Attended By 56

G. F. Gregory was chosen president of St. Michael's Old Boys' Association at a meeting concluding Old Boys' Day, Saturday.

Other officers elected were I. Angus, vice-president; K. W. Symons, secretary; J. Nation, treasurer; B. McLoughlin, H. Bridge, man and D. Price, committee; F. Barclay, assistant secretary.

During the afternoon a cricket match between those who attended the school 25 years ago or more and graduates of more recent years, ended in a win for the former. Tea was served by the mothers' auxiliary in the garden of Maj. and Mrs. H. Nation.

Later 56 old boys held a reunion dinner in the school gymnasium at which a standing tribute was paid to the 28 former pupils who gave their lives in the war.

Concerts To Resume At Beacon Hill Park

First of a series of 10 two-hour concerts sponsored by the B.C. Electric Railway Company at Beacon Hill Park will be held June 26 at 7.30.

Alfred Prescott will direct the concert band which includes a number of returned men familiar on concert platforms before the war. Light classics and popular music will be included in the program.

For the opening night Mayor Percy George and members of the city parks board will take part with officials of the B.C. Electric in special ceremonies.

WINNIPEG (CP)—A collection was taken at Monday's session of the Manitoba Conference of the United Church of Canada, to reimburse three ministers whose purses were stolen at ordination services Friday.

I.W.A. Describes Elk Lake Incident As Unfortunate

Victoria Local 1-118 of the International Woodworkers of America today issued a statement describing as unfortunate the incident at Elk Lake, Friday afternoon in which three I.W.A. members were ordered from the property of George Poulson, operator of a one-man sawmill at Elk Lake.

The union said it was still anxious to meet Mr. Poulson and talk the situation over with him. Text of the statement follows: "The difference in the text of the stories appearing in the local papers has created a definite degree of misunderstanding. The I.W.A. consider the whole incident unfortunate. The union representatives were only inter-

ested in having a talk with Mr. Poulson pertaining to his operation. There was absolutely no intent toward harming Mr. Poulson, the I.W.A. policy is anything but attaining support or co-operation by force. We feel Mr. Poulson has been misled.

"The fact that a rifle was pointed at Mr. Roy Simmons threatening him, while he was leaving the property, was a breach of law, as substantiated by Mr. Claude Harrison, city prosecutor, on Saturday morning. "We are still anxious to meet Mr. Poulson and talk the situation over with him."

## Personals

Mrs. Hugh Main, Montreal, formerly of Edmonton, is spending a holiday with her parents, Dr. and Mrs. J. E. Rundle, 244 Penn Road, View Royal.

Mrs. J. L. Lorimer of Montreal entertained Sunday afternoon at the tea hour in the Empress Hotel in honor of her daughter, Miss Dorothy Lorimer, a June bride-elect. There were 16 guests.

Mr. and Mrs. T. A. Wallace of Vancouver, will come to Victoria June 18 and take the Pinnery Bay summer home, "Windover," of Mr. and Mrs. R. H. B. Ker, for the summer months, prior to moving later into their new home in the Uplands.

Murray Stephen were the names given the infant son of Mr. and Mrs. A. W. Smith at a christening ceremony Sunday afternoon at Gorge Presbyterian Church. Rev. T. H. McAllister officiated and the godparents were Mr. and Mrs. W. A. Bayliss and Mr. and Mrs. B. Birch. After the ceremony tea was served at the home of Mr. and Mrs. Smith.

Miss Dorothy Scott entertained Saturday afternoon at the Nutshell in honor of Miss Alice Thomson, whose marriage will take place shortly. Mrs. W. R. R. poured tea and others present were: Mesdames W. Carter, W. Thomson, T. Barbour, L. Gill, E. Spencer, E. Wilcox, C. Martin and the Misses Madlyn Foster, Isobel Richardson and Marion Heritage.

The christening of the infant daughter of Mr. and Mrs. Norman Patterson, Woodway Road, took place Sunday afternoon at the home of the maternal grandparents, Mr. and Mrs. M. MacDuff. Rev. James Hood officiated and the baby received the names, Lorraine Jean. Mr. and Mrs. A. H. Parkinson were the godparents. Tea was served following the ceremony, Mrs. Wm. Bromley presiding.

In honor of Miss Edna Watkiss, a bride-to-be of this month, a miscellaneous shower was held at the home of Miss Grace Shubrook. Those invited were: Mesdames A. Watkiss, N. Grant, R. Crawford, D. Hendry, H. Piton, C. Shubrook, D. Mabon, A. Brookman, K. Macdonald, R. Wakeham, E. Little, R. Mason, M. Ingram, N. Hickman, R. Christied, Misses G. Rawlings, D. Toms, E. Mitchell, M. Muth, P. Smith, B. Backer, M. Blackford, L. Latham, P. Spiers and D. Mayhew.

Honoring Miss Margaret Campbell, a June bride-elect, Miss Christie Stevenson and her mother were co-hostesses at a tea Sunday afternoon at the home of the groom-elect's parents, Mr. and Mrs. J. Stevenson. The guests included Mesdames A. Campbell, R. Duncan, T. R. Handyside, B. Acreman, A. L. Stevenson, Wm. Fulton, T. Horne, C. Henderson, T. Stevenson, T. Burns, K. Wilson, A. Harris, J. Phillion, Moore and Miss Jean McNaught.

Mrs. C. C. Warren, 1745 Poul Bay Road, was hostess Monday evening with a miscellaneous shower in honor of Miss Dorothy Lorimer, whose marriage takes place next Saturday. Invited guests were: Mesdames J. Lorimer, J. Warren, J. Phillips, T. Hocking, J. Grant, E. Morbey Sr., Robertson, E. Morbey Jr., D. R. McAdams, R. Randall, E. Woodward, L. Batchelor, P. C. Richards, W. Hughes, T. Rowebotham, Montreal, and Miss M. Tombs, Duncan.

## Victoria Girl Married In London

LIEUT. AND MRS. GEOFFREY MASON

The marriage was solemnized June 1 at Ealing Methodist Church, London, England, of Freda C., only daughter of Mr. Mrs. Gerald G. Green, Moss Street, Victoria, and Lieut. Geoffrey P. Mason, Royal Artillery, elder son of Mr. and Mrs. G. W. Mason, Grove Park, London, with the pastor officiating.

Given away by her uncle, R. C. Green, the bride chose a gown of white satin, fashioned on princess lines with satin roses

outlining the sweetheart neckline. The floor-length hand-embroidered veil, which had been worn by her aunt, Mrs. F. S. Green, Elk Lake, was held to her head with tiny white ostrich tips. A gold necklace set with pearls, a gift from her aunt, Mrs. Paul L. Green, and a bouquet of red roses, completed the bride's costume.

Miss Helen Green, frocked in peach taffeta and carrying a colonial bouquet of sweet peas, was her cousin's only attendant.

Lieut. W. Miller was groom's man.

A reception was held at the home of the bride's uncle and aunt, Mr. and Mrs. R. C. Green, Carberry Avenue, Lieut. and Mrs. Mason leaving later for a honeymoon at St. Helier, Jersey, Channel Islands. Going away, the bride wore a brown and white ensemble with corsage bouquet of gardenia and rosebuds. They will reside at 10 Chimbroke Crescent, Grove Park, London.

## Council Informed Of Nurses' Aims

Miss Marjorie Baird, R.N., V.O.N., superintendent and convener of the public health committee of the Local Council of Women, told members of the council meeting Monday in the Y.W.C.A. of a resolution passed recently at a meeting of the island branches of the Registered Nurses' Association of B.C.

This resolution urged that nurses who have personnel problems regarding hours and wages, work through their own association instead of through other agencies. Miss Baird explained that the association works hard to keep up the standards for the nurses themselves. She said the raises in pay and bettering of working hours obtained recently in the General Hospital and St. Paul's Hospital in Vancouver are a direct result of the work of the placement department of the R.N. Association and were not gained through union efforts.

Mrs. Bertha Parsons presided at the meeting and announced the appointment of Mrs. A. J. Campbell to the convenship of the United Nations committee. A brief on salacious literature, prepared by the Parent-Teacher Council of Victoria, was read and copies will be sent to affiliated organizations.

A resolution was passed asking that the Department of Education appoint a director of libraries and such assistants as are necessary to provide complete library service throughout the schools of the province. Mrs. Blair Reid presented the treasurer's report and Mrs. A. J. Carmichael asked for volunteers

## Chapter Regent Resigns

The resignation of the regent, Mrs. A. W. Walsh, was accepted with regret at a meeting of Camosun Chapter, L.O.D.E. Notice was given of nomination and election of a new regent at the next regular meeting in September.

Mrs. B. Meiss reported \$38.39 in postwar account and \$85.68 in general account. A \$10 library will be sent to the chapter's adopted school at Kesterton near Vernon. A cheque for \$25 will be given to the winner of the chapter's memorial scholarship offered each year to a pupil in Grade 8, son or daughter of a veteran of the first or second world war.

Mrs. E. Edwards reported articles to the value of \$7.25 turned in to Municipal Chapter. Mrs. A. M. Florence was welcomed as a new member.

The chapter will hold a garden silver tea at the home of Mrs. S. R. Richardson, 2770 Thorpe Place, on July 5 and will assist at a tea for British war brides to be held at the home of Mrs. W. W. McGill, Tattersall Drive, on June 20.

Wheat may be kept as long as 22 years and still make good bread, if it is properly stored.

## Miss M. Beveridge Heads Club

Elected by acclamation at the annual meeting held Monday evening Miss Minnie Beveridge will head the Victoria Business and Professional Women's Club for the coming year.

Other officers elected were: First vice-president, Miss Marjorie Press; second vice-president, Miss Isabel Cummings; treasurer, Miss Lily Henderson; recording secretary, Miss Isla Tuck; corresponding secretary, Miss Elizabeth Forbes; directors, Mesdames M. L. Guild, L. E. Leonard, M. C. Curry, Misses Helen Cruickshanks and Margaret Wightman.

Mrs. Lillian Smith, the retiring president, spoke of the growth of the club in the past year with 23 new members.

She stressed the need for strong women's clubs as "women have the interests of other women at heart and can understand women's problems much more easily than men."

The treasurer's report, presented by Miss Lily Henderson, showed total receipts in the general account as \$2,077.03 with a balance of \$427.87.

Miss Mabel Cameron in making a report on the Bay Wiggle Scholarship fund gave a short sketch of each of the scholarship winners. The award will again be made this year to the student of Victoria High School who has achieved a high standard in commercial studies.

MISS MINNIE BEVERIDGE

shanks' report; federation, Miss Marjorie Press; program, Miss M. Beveridge; bridge club, Mrs. H. N. Walls; recording secretary, Miss Isla Tuck; corresponding secretary, Miss Elizabeth Forbes.

Miss Edith Parsell made a presentation of a gold club pin and corsage bouquet to Mrs. Smith on behalf of the members. Corsage bouquets were also presented to the supper committee for their work during the year. Miss Mabel Cameron thanked the retiring executive for their outstanding work.

## Marriage Unites Pioneer Families

Rev. J. A. Partridge performed the marriage ceremony Saturday afternoon in St. Stephen's Church, Mt. Newton, which united Margaret Agnes, elder daughter of the late Mr. and Mrs. James H. Johnston, Victoria, and Cuthbert Miller Brown, son of Mrs. J. M. Brown, 864 Fleming Street, Victoria, and the late Joseph H. Brown, Nanaimo.

The bride was given away by her uncle, R. Carrier, and wore a gown of white satin with lace inserts, her lace-embroidered veil held to the head with two gardenias. A single strand of pearls, the gift of the groom, and a bouquet of pink rosebuds and white carnations completed her ensemble.

Mrs. Kenneth S. Page attended her sister as matron of honor. Bridesmaids were Miss Wilma Brown, sister of the groom, and Miss Margaret Clark. Groomsman was Kenneth S. Page and ushers were A. D. Johnston and L. P. Johnston.

Following a reception at the home of the bride's uncle and aunt, Mr. and Mrs. R. Carrier, Tod Inlet, Mr. and Mrs. Brown left for a honeymoon on the mainland. The bride wore a grey-blue dress-maker suit, navy topcoat and corsage bouquet of pink rosebuds.

## Barbara Warner Wears Ivory Satin

Barbara Ann, only daughter of Mr. and Mrs. G. E. Warner, 708 Suffolk Street, was united in marriage Saturday evening at St. Saviour's Church, Victoria West, to Charles Frederick Ricketts, eldest son of Mr. and Mrs. Frederick Ricketts, 808 Lamson Street. Rev. G. Kendall read the service.

A gown of ivory slipper satin, featuring lace reverses from the shoulders to the waistline, was chosen by the bride, given away by her father. Her veil cascaded to the end of the gown's train and was held to the temples with gardenias. A strand of pearls and a shower bouquet of red roses and stephanotis centred with gardenias completed her ensemble.

The three attendants, Miss Dale Sutherland, matron of honor, Mrs. H. Law and Miss Algerine Ricketts, all wore bouffant frocks of white organdie with lace Dutch caps and mitts. Miss Sutherland carried pink carnations and mauve sweet peas and the latter two had pink and white carnations. Best man was Stanley Ricketts, and ushering were Richard Warner and Sidney Ricketts.

The couple left for a trip to Banff and Edmonton following a reception at the bride's home, and will reside at 639 Monterey Avenue. Going away the bride wore a cherry-red gabardine suit with black hat and plastic accessories and corsage bouquet of gardenias.

### Permanent Council For Recreation

Delegates from Victoria organizations will choose a permanent Greater Victoria Recreation Council at City Hall council chamber Thursday evening.

Credentials from clubs or organizations will be needed by voting delegates.

### Gala Reopening For Colwood Clubhouse

The board of directors of Colwood Golf Club announce the official reopening of their clubhouse June 22 with a gala luncheon party, an invitation golf game between Lieutenant Governor W. C. Woodward and Premier John Hart and a dance in the evening at which the Lieutenant Governor with Mrs. Woodward and Premier Hart with Mrs. Hart will act as patrons.

At a meeting of directors held recently, Alec Strath, president, announced the following committees: Membership, D. Spencer; match and handicaps, H. Linham; A. Macey, W. McCall; greens, F. Smith, F. Burns, S. Mitchell; social and entertainment, A. Strath, W. Shepherd, R. Wood; publicity, A. Stewart, T. Forbes; house committee, F. Norton, T. S. McPherson, J. Potts.

The clubhouse has all been re-furnished throughout.

**Langford**—A quiz contest with pupils from Metehosh, Happy Valley, Colwood and Langford schools will be held in the Langford auditorium on Friday at 8. A variety concert will follow. The evening is under the auspices of the Parent-Teachers Association.

### Sunshine Camp Made Ready For Summer Guests

With new curtains in all the cabins and the playroom, the bureaus and dressers freshly painted, and the long grass cut down, Sunshine Camp is almost ready to receive its annual summer influx of aged, blind, and family campers.

Mrs. F. G. Mulliner and her ladies' committee have been working hard during the past few weeks to get the camp in shape to receive the first contingent of old age pensioners who will go out for 10 days at the seaside, starting June 17.

Because the Community Chest donations were several thousand dollars short of their objective last fall it has been necessary to call on the organizations who originally donated the 12 cabins to help refit them.

Two work parties from the Anglican Young People's Association of St. Mary's and St. John's churches, have gone out and painted tables and benches, cut and raked the grass and generally cleaned up the buildings. The ladies work committee have made curtains of attractive green flowered cretonne.

Monday Aid and Mrs. Mulliner, W. R. Gibbs and Rev. F. A. Springborn finished up the work, and now benches are painted a bright scarlet, the bureaus and dressers are redone in cream, panels behind the washbasins are re-painted, and all the curtains are hung.

Several new easy chairs have been donated by the Y.W.C.A., and others already there were mended by the ladies' work committee.

As soon as funds are available each of the cabins will be wired for electric light, and one row moved to the extreme outside little of the property at Sunshine Camp to give a large playing field in the middle for the teenagers and children when they are at camp.

Badly needed are more toys for the children.

### Club Calendar

Ladies' Auxiliary, United Commercial Travelers, tea and garden party, Wednesday, 3 to 6, home of Mr. and Mrs. R. H. Norton, 939 Pemberton Road. Bingo and other attractions. Proceeds for Solarium and European relief.

Victoria Nursery School Association, home of Mrs. P. D. Sills, 2038 Windsor Road, Wednesday at 8. Speaker, Dr. James F. Tyhurst. Subject, "Child-parent Relations and Problems."

### Personals

The following Victorians have been guests at the Shawanigan Beach Hotel during the past week: Mr. and Mrs. Dennis Harris, Mr. and Mrs. H. D. Seale, Mr. and Mrs. J. G. Austin, Mr. J. J. Arnold, Mr. and Mrs. F. Hartley, Mr. and Mrs. J. L. Clay, Mr. and Mrs. A. P. MacBean, Donald and Elizabeth, Mr. and Mrs. E. A. Walls and child, Mrs. Tasker Taylor, Mr. and Mrs. J. B. Dixon, Mrs. Mary Pattullo, S/L A. J. Allan Hogg and Mrs. Hogg, Miss Anne Dickinson, Miss Robin Greaves, Mrs. J. F. A. Lister, Mr. P. R. Brown, Mr. J. B. Crozier Smith, Mr. and Mrs. E. A. Kan, Miss M. E. Duncan, Mr. and Mrs. John S. Partridge. From Vancouver, Miss Catherine Beckstead, Mr. and Mrs. G. H. Stacey, Miss June E. Jackson, Mr. K. S. Coleman, Mr. and Mrs. J. D. Gilmore, Mr. and Mrs. L. V. Burke, Mr. and Mrs. J. D. Paul, Miss Callow, Miss Evelyn Fargher, Miss Mary Decker, Lieut. and Mrs. W. M. Wass, Also Mr. and Mrs. F. A. Kamp, Cincinnati, Ohio; Mr. and Mrs. Robert F. Baerle, Yakima, Wash.; Mr. and Mrs. W. J. Bailey, Hermosa Beach, Calif.; Mr. C. A. Klidder, Seattle; Mr. Robert C. Brook, Tacoma; Mr. D. Rushlight, Portland; Miss T. Chambers, Miss Joyce Tipple, Welland, Ont.; Mr. and Mrs. J. E. Sowerby, Chilliwack; Col. and Mrs. Bourke, Qualicum.

Esquimalt W.I.—At the June meeting Esquimalt W.I. voted \$10 to the drive for funds for cancer control. Mrs. G. Wise reported 10 articles finished for Red Cross. A parcel was ordered sent to European relief. A social will be held on June 20 in St. Paul's Church house at 2.30. Plans were made for a garden party to be held at the home of Mrs. A. Speirs, 484 Nelson Street, on July 5 from 2.30 to 5.

A jellyfish, 99 per cent water, delivers a stunning electrical shock to its victims, and is carnivorous.

### Thought World's End Had Come When Lightning Struck Radio

Sitting four feet from her radio when it suddenly "blew up" as lightning struck her home in the Burgoyne Valley, Salt Spring Island, in a recent storm, Mrs. M. Gyves said today she thought "it was the end of things."

"I've lived on Salt Spring nearly all my life and it's the first time anything like that ever happened to me; in fact it's the first time I ever heard of it happening to anyone," said Mrs. Gyves.

Although unhurt she was dazed and temporarily deafened by the explosion.

"The storm was the worst I've known here; the lightning

seemed to strike the house with the last report of thunder during the storm," she said. "The report was terrific."

In addition to the radio being blown to pieces, curtains, were set on fire, four panes of glass in two rooms shattered, and electric light wires burst out, she said. All damage was in the kitchen and one bedroom, with walls blackened wherever wires were strung.

There are other houses about 30 yards distant from Mrs. Gyves' home.

"I have not yet had an estimate on what repairs will cost," she said.

### P.T.A. News

**Oaklands**—A. Jacobs was elected president at the last meeting; Mrs. S. Anfield presiding. Other officers appointed were: vice-president, Mrs. R. H. McInnes; recording secretary, Miss Mae Murray; corresponding secretary, Mrs. A. Sabiston; treasurer, Mrs. M. Crossman; auditor, H. R. Dawson; radio, Mrs. L. A. Gordon; social, Mrs. W. **ATLAS**—Gene Tierney in "Laura."

**CADET**—"Our Vines Have Tender Grapes," starring Margaret O'Brien.

**CAPITOL**—"The Bandit of Sherwood Forest," starring Cornel Wilde.

**DOMINION**—"Meet Me On Broadway," with Marjorie Reynolds.

**OAK BAY**—Van Johnson in "Two Girls and a Sailor."

**PLAZA**—"Men in Her Diary," with Louise Allbritton and Jon Hall.

**RIO**—Noah Beery Jr. in "Dudes Are Pretty People."

**YORK**—"The Valley of Decision," starring Greer Garson and Gregory Peck.

## YORK THEATRE

A best-seller as a novel! Even greater on the screen. Metro-Goldwyn-Mayer brings Marcia Maynard's well-known character to stirring cinematic life in "The Valley of Decision," co-starring Greer Garson and Gregory Peck, currently at the York.

## OAK BAY THEATRE

When petite, blonde June Allyson sings "Young Man With a Horn" to Harry James in person, during a scene in M.G.M.'s sprightly musical comedy, "Two Girls and a Sailor," which is now at the Oak Bay Theatre, it marks the first time on the screen that such a tribute has been sung directly to a popular personality.

## ATLAS THEATRE

Judith Anderson, world-famous actress, is featured in "Laura," the 20th Century-Fox psychological mystery-drama currently at the Atlas Theatre. Starred in the brilliant cast are Gene Tierney, Dana Andrews and Clifton Webb.

## They'll Do It Every Time

## Elaborate Dances In Dominion Show

Yes sir, Marjorie Reynolds is superstitious.

When the blonde dancer checked in at Columbia Pictures Studio to start rehearsals for the elaborate dance-routines she does in the musical, "Meet Me On Broadway," now playing at the Dominion Theatre, she wore a pair of Mae Murray rehearsal shoes.

## PLAZA THEATRE

Two new popular tunes, "Makin' A Million" and "Keep Your Chin Up," are featured in Universal's gay new comedy production, "Men in Her Diary," now at the Plaza Theatre. Virginia Grey sings the two numbers which were composed by the tunesmith team of Milton Rosen and Everett Carter.

## CAPITOL THEATRE

Mary Astor and Anita Louise could probably knock the spots off Errol Flynn and Cornel Wilde when it comes to fighting with a sword if the girls only had equal strength, according to Ralph Faulkner, who trained all the fighters in Columbia Pictures' "The Bandit of Sherwood Forest," currently starring Cornel Wilde, and featuring Anita Louise at the Capitol Theatre.

## RIO THEATRE

Jimmy Rogers, starred in "Dudes Are Pretty People," now showing at the Rio Theatre, is film debuting on the lot where his beloved father made many of his early successes—the Roach lot. Also, Jimmy is playing a cowboy role, similar to the one in which Will first sold his whimsical charm to the public.

## Uncle Ray

**SQUIRRELS PREFER LIFE OF FREEDOM**

Now and then people make pets of squirrels. Except in special cases, this is hardly a good thing to do. Squirrels love their freedom, and life in cages is hard on them. They can give sharp and dangerous bites. Persons who try to become too "chummy" with them may suffer.

Yet there are times when it is well for people to take care of squirrels. Baby squirrels which have lost their mother need food, and this may be given with success by people.

A squirrel family recently lost its mother. Other members of the family, including an adult which seemed to be the father, were placed under human care. The little ones were fed milk through a medicine dropper.

There was hardly need, in that case, for the father to be kept a captive. Yet it was well to feed the baby squirrels.

A good rule to follow is to warm any milk given to a baby squirrel to about the same point as for a human baby. (A drop of milk placed on the inside surface of the wrist will tell when milk is too hot.) If the little squirrel is kept alive in this way, it should be set free in the woods as soon as it is able to take care of itself. The subject of pet squirrels brings back to my mind a story I heard about one many years ago. I was told that a certain squirrel had been kept as a pet until it was well grown. Members of the

## 4 Newspaper Unions Claim Province Unfair To Labor

VANCOUVER (CP)—In a joint statement Monday night four city newspaper unions here announced they would consider the Daily Province "unfair" to organized labor as a whole until Southam Company "is willing to enter negotiations with the International Typographical Union (A.F.L.) on behalf of the Winnipeg Tribune."

Printers on the Winnipeg Tribune went on a work stoppage last November over contract arbitration procedure, and the strike has now spread to Southam group newspapers in Ottawa, Hamilton, Ont., and Edmonton. Printers on the Province have been on strike since last Wednesday.

The statement was signed by Fraser Wilson, chairman of the co-ordinating council of the Allied Printing trades, and called on trade unionists of every affiliation to the support of I.T.U. printers engaged in the work stoppage at the Province.

The Province failed to publish Monday for the fourth successive publication day.

Endorsement of the statement was made by the International Stereotypers' and Electroplaters' Union (A.F.L.), International Photo-engravers' Union (A.F.L.), International Printing Pressmen's and Assistants' Union (A.F.L.) and the Vancouver Newspaper Guild (C.C.L.A.).

The unions represent the overwhelming majority of all daily newspaper workers in Vancouver," the statement said.

Copies of the statement were sent to the Vancouver, New Westminster and District Trades and Labor Council (A.F.L.), the Vancouver Labor Council (C.C.L.A.), the Trades and Labor Congress of Canada and the Canadian Congress of Labor.

Printers of the Province and mailing room employees who say they are locked out by the I.T.U. picket line will meet later this week to discuss a letter sent by O. Leigh Spencer, publisher, who said their jobs would be considered vacant unless they returned to work within a limited time.

Mr. Spencer earlier had said that if the I.T.U. officials want arbitration in the strike, it should be applied for in the normal legal way after the men have been back to work.

## Barron Wins Playoff

PHILADELPHIA (AP)—Herbert Barron, the White Plains, N.Y., veteran, won first prize of \$2,500 in the Philadelphia Inquirer golf tournament Monday, edging out youthful Lew Worsham, Bethesda, Md., by three strokes in their 18-hole playoff. Barron carded a par 70; Worsham had 73.

## WOODCOCK MATCHED

STOCKHOLM (Reuter)—Bruce Woodcock, British Empire heavyweight champion, will meet Olle Tandberg, Swedish heavyweight champion, at Doncaster, England, Sept. 12, Leo Homestead, Tandberg's manager, said upon his arrival after a visit to London.

settlement who had been sought for 17 months as an army deserter. Police questioned him all day Monday.

Near the shores of Shikawaka Lake, eight miles from here, police, trappers and bushmen continued to drag for the body of Tessier, concentrating near the point where Jackpine Creek empties into Shikawaka. This was where Alfred Bougie, 41, Tessier's trapping partner, and Calixte (Joe) Descoeteaux, sawmill worker, found Tessier's bullet-pierced boat last Wednesday, drifting near the river mouth.

## Prior Sets Record; Walker Tops Hitters

Pitchers in the city ball league have a new season record to back up, following Bill Prior's performance at Athletic Park Monday night. In his ninth inning, he pitched a 9 to 0 victory over the Navy team.

Legion now occupy second place in the circuit four games back of the undefeated shipyarders. Tomorrow night at 6:30 the V.M.D. tackles the Navy.

Prior gave up only three hits and in the first, fifth and sixth innings struck out the side. On the offensive side, outfielder Charlie Restall led the Legion with four hits, including an inside-the-park home run.

**AVERAGES**

First batting averages of the local league released last night show Jack Walker, V.M.D. right-fielder, leading the hitters with an average of .464. He has collected 13 hits in 28 trips to the plate. Gar Taylor, V.M.D. second baseman, is a close runner-up, with a mark of .462.

Walker also leads the league in runs batted in with 11, and total bases with 16.

Musgrave and Tony Maze, the two-man V.M.D. mound corps, are both undefeated, the former with four wins and Maze with three.

Averages up to and including Sunday's game follow:

AB	R	H	BB	SO	ERA
J. Walker, V.M.D.	28	13	11	16	4.64

## Athletic Leaders In Conference Here

Athletics as they affect Pacific Coast colleges of the United States are being discussed at the sessions of the Pacific Coast Conference Faculty Athletic Committee at the Empress Hotel. The conference has attracted leading athletic directors, coaches and faculty representatives from Washington, Oregon, Montana, California and Idaho. Seen in the above picture from left to right: Orlando Hollis, University of Oregon at Eugene, conference secretary; Dean Stanley B. Freeborn of the University of California at Berkeley, president; and Victor O. Schmidt of Los Angeles, acting conference commissioner.

## Gracie To Manage Hollywood Ice Club

**NORTH BAY, Ont. (CP)—**Bob Gracie, one of hockey's most traveled players, has signed a two-year contract to manage and coach Hollywood Wolves of the Pacific Coast League. It was learned last night.

Gracie finished his professional career with Pittsburgh Hornets of the American League.

Gracie said he intends to become a United States citizen. He will leave for Hollywood shortly.

## Verley, Hibberson Tie For Medalist

Posting scores of 73, Gordon Verley and Eric Hibberson tied for medal honors in the 18-hole qualifying round of the men's championship at the Uplands Golf Club. City champion Bob Morrison finished third with a 75 followed by Ken Lea with a 76 and F. Clarkson with a 77.

Scores of 83 or better qualified for the title fight with six players to play off for the last position. First round of match play must be completed by June 16.

Scores of those who qualified follow:  
G. K. Verley 73, Eric Hibberson 73, Bob Morrison 75, Ken Lea 76, F. Clarkson 77, H. Francis 78, D. McLean 78, Vic Painter 80, Lieut. R. Straits 80, G. G. Tynan 81, Gordon Dods 81, L. J. Hibberson 81, William Lovell 81, Ed Cuppage 82, C. F. Smith 83, F. J. Scroggs 83, Russell Latham 83, Alan Riches 83, Fred Swit 83, Dr. J. D. Calvert 83.

**VANCOUVER (CP)—**St. Salvours held North Shore United's full cup team to a scoreless draw in a Coast League soccer match here Monday night before 750 fans. The result leaves United two points ahead of St. Andrews in the second half.

Members of the executive and team representatives are asked to attend.

## Jack Johnson Dies From Injuries In Car Accident

**RALEIGH, N.C. (AP)—**Jack Johnson, the world's first negro heavyweight boxing champion, is dead, but probably the controversy which sprang from his scrap with Jess Willard 30 years ago will continue as long as men battle each other in the ring.

The former champion, 68, died here yesterday of injuries suffered in automobile accident near Franklinton while en route to New York from Texas, where he recently had concluded a personal appearance tour.

His death in hospital was attributed to internal injuries and shock. Fred L. Scott, a negro companion, was treated for minor injuries.

Scott said Johnson, whose ring career ended 18 years ago, in recent years had turned to personal appearances as a means of a livelihood.

Johnson became the world's champion when he defeated Tommy Burns of Hanover, Ont., in 14 rounds at Sydney, Australia, Dec. 26, 1908. He lost the title to Willard at Havana, Cuba, April 16, 1915, in a battle that ever since has been a source of argument.

**SUN HURT EYES**  
After terrific punishment, Willard won by a knockout in the 26th round. Pictures of the fight, however, showed Johnson shading his eyes from the Cuban sun with a gloved hand while being counted out.

There were cries of a "fixed" fight. It was known Texas-born Griffing faces charge.

## Advice To Swimming Enthusiasts Aims At Reducing Accident Toll

Ten commandments of safety on the waterfront were issued today by Archie McKinnon, physical director of the Victoria Y.M.C.A. and one of Canada's outstanding swimming coaches, in an effort to educate the public on how to avoid swimming accidents and thereby cut down the toll that is the order every year during the hot months.

During the course of a year, the local coach gives swimming instructions in the "X" pool to approximately 400 beginners over a three-month schooling session. Along with his senior performer, Bill Turkington, he attended a B.C. Red Cross swimming safety campaign school in Vancouver last week.

Both brought home badges which identify them as qualified safety instructors.

"It was a good school and of great value to the up-and-coming generation," remarked McKinnon on his return to the city. He says the Red Cross plans on a Victoria school during the summer.

His 10 commandments are:  
1. Don't swim alone. Even a good swimmer gets in trouble.  
2. Don't swim in an unguarded spot. Swim at beaches and pools protected by skilled life guards. Docks, river banks, piers and other unguarded and remote spots are dangerous.

**STRANGE WATERS—**  
**CAREFUL!**  
3. Slip into strange waters carefully. Don't dive in. Hidden obstacles and soft, muddy bottoms produce fatal accidents.  
4. Don't show off in the water. Many an innocent prank has been fatal, especially in deep and swift water.  
5. Don't attempt to rescue unless you are a strong swimmer. Fatalities have been numerous each year because weak swimmers' noble impulses overcome discretion. If you can't swim you will do most good by finding someone who can. If you can reach a victim by boat, rope or

## Hoyle-Brown In One-Sided Win Over Legion

Lloyd Jones' Hoyle-Brown senior A men fastballers crept a notch closer to the league-leading Crows Monday night at Central Park when they administered a 11 to 4 defeat to Wally Smith's basement-berth Canadjan Legion nine.

Records to date in the three-team circuit show Crows with seven wins in eight games, Hoyle-Brown with six triumphs in nine starts and the Legionnaires winless in nine engagements.

The boys of the wholesale firm started their victory roll right at the start when they pushed over five runs from two walks and three safeties off Legion twirler Dendies. Included was a lusty homer by Sutton. Dendies got in the shower in this frame and Ted Minnis took over the mound duties and held the Hoyle-Brown crew scoreless until the seventh, Legion managing to garner two runs in the meantime.

In both the seventh and eighth, Jones' boys got one run, but went to town again in the ninth and pushed four runners over the route.

Martin did the hurling for Hoyle-Brown and his battery mate was Milliken. MacDonald operated behind the plate for the Legion.

Other results last night:  
Senior B men, B section—Army and Navy Vets 7, Navy Armament Depot 5; Oak Bay Wanderers 14, Stockers 10.

Senior B women, B section—J. H. and E. 12, Spencers 7.  
Juvenile boys—Black and White Taxi 23, Page Cleaners 3.

## Victoria Athletics Release Ian Lowe

Ian (Ace) Lowe, former amateur baseball star, who has been a member of the Victoria Athletics in the Western International League, today is a free agent. It was announced Monday night by business manager Reg Patterson that Lowe had been given his release.

Lowe opened the season at third base for the A's, but has been on the bench since Beans Marionetti joined the club on option from Oakland. It is possible Lowe may join a club either in the California State or Pioneer League.

## Minor Baseball

With the midgets and bantams out of action this week, due to pressure of exams, the Victoria Minor Baseball Association's only attractions this week are a pair of juvenile engagements tomorrow evening, starting at 6:30. Navy and Eagles meet at Colville Road and Tillamucks and Bakers Top Notch battle at Macdonald Park.

Exhibition games are slated for Sunday at Hampton Road Park. Secretary George Cole left for Vancouver today and while in the mainland city will endeavor to get something definite on the scheme of intercity playoffs for the three loops at the season's end.

**SAN FRANCISCO (AP)—**World bantamweight champion Manuel Ortiz, 117½, successfully defended his title for the 15th time when he knocked out Jackie Jurich, 117½, San Jose, Calif., in the 11th round of their scheduled 15 round fight at the civic auditorium Monday night.

TUESDAY, JUNE 11, 1946 PAGE 3

## Brooklyn Lead Cut To Slender 2 Games

Until Brooklyn's Dodgers learn how to beat St. Louis Cardinals, the Flatbush faithful would do well to take their pennant boom with a grain of salt.

In three starts against the favored Red Birds, the Dukes dandies dropped three straight decisions. Their once healthy lead has now shrunk to two games.

Brooklyn's latest defeat, by a slender 3 to 2 score, last night in St. Louis, hardly comes under the heading of a major disaster at this early date, but it could be an ominous portent of things to come.

In the National League basement, the Phillies have been staging a mild revolution, sweeping nine of their last 13 starts and threatening to vacate the dungeon. They're only two games back of the New York Giants.

A 9 to 8 victory over Chicago Cubs was the latest Phil accomplishment after Hank Borowy held them without a hit for seven innings.

Boston cooled off Pittsburgh Pirates' fifth-place hopes with a 10 to 5 decision for Ed Wright over Preacher Roe and a brilliant relief job by Bob Malloy saved Cincinnati a 7 to 5 triumph over New York.

Boston Red Sox blew the American League wide open by pulling away to a nine-game lead over the runner-up New York Yankees. Joe Cronin got the first win of the season out of Bill Butland although he had to relieve him with Earl Johnson in the late stages to hold off Cleveland, 6 to 3.

Detroit took it out on the Yanks in an 11 to 3 romp.

Roger Wolff lost a five-hit game to St. Louis when Sam Zoladak paeled out 11 safeties, but downed Washington, 2 to 1.

Chicago nipped Philadelphia, 3 to 1, to make a success of Ted Lyons' Shibe Park debut as White Sox manager.

## Junior Baseball Loop Opens Tonight

Victoria Athletics Junior Baseball League, the minors under the pro A's wing, will usher in their season of play on the Athletic diamond this evening starting at 6:30 with Douglas Hotel battling U.C.T.

Despite all our efforts, we are still extremely short of telephone equipment and materials, such as telephones, wire, cable, and central office equipment.

Labor disputes have made it impossible for eastern factories to keep up with their deliveries to us in recent months, and our big development program for 1946 is badly disrupted.

The demand for telephone service continues to be the greatest we have ever known, and it should be pointed out that the number of telephones in our system has increased 30 per cent since before the war, despite the curtailment imposed by wartime restrictions. Names are still being added to the bottom of the waiting list faster than we can remove them from the top. There are now over 19,000 names on our waiting list.

Within the last few days the supply picture has become brighter as far as telephones and wire are concerned. The factories say that they expect to improve their deliveries shortly if no new upset occurs. If they can do this we should be able, by midsummer, to begin reducing the length of our waiting list.

We cannot hazard a guess as to when the waiting list will completely disappear, but in the meantime we are doing everything possible to get telephone service for the thousands of waiting people.

## 'Blue Baby' On Way To Recovery

News regarding the recovery progress of Janet, Victoria's "Blue Baby," continues good, according to a letter received today by John B. Priestley, vice-president of the Lions Club, from the mother in Baltimore, Maryland. Janet's father left for Victoria last Tuesday following the report his daughter was out of danger. "There has been no tempera-

## Only 1 Tender Submitted For Kootenay Surfacing

Only one tender, that of Dawson-Wade Co. Ltd., Vancouver, \$32,425.50, was submitted to the Provincial Works Department this afternoon for bituminous surfacing in the Kootenay district. The tender calls for 2.5 miles

of new spray and 8.3 miles of respray and 11.65 miles of new mulch surfacing.

The tender represents the last of four for surfacing in various districts of the province. The last section is for work in the Columbia, Cranbrook, Fernie, Grand Forks-Greenwood, Nelson-Creston and Rossland-Trail electoral districts.

To Alberta Post

R. L. Hughes, M.Sc., has been appointed assistant professor of physical education at the University of Alberta. With Mrs. Hughes he will take up residence in Edmonton late in August.

## Seamen May Strike On Park Tankers

Possibility of a spread by Friday of present Canadian Seamen's Union (T.L.C.) strike to deep-sea ships is indicated in a telegram from H. Davis, union vice-president, received today by E. Bahr, local C.S.U. representative.

In the telegram, Mr. Davis advised the national strike committee had decided for strike action on Park Steamships Ltd. tankers, if no decision were rendered by the War Labor Board by Friday on the union's application for alterations in the agreement with Park tanker operators.

Mr. Davis warned union representatives to make all preparations necessary for any eventuality. There are no Park tankers operating on the B.C. coast, but Mr. Bahr said today if the strike is called on Friday it might mark the beginning of a spread of the strike to other Canadian deep-sea ships.

## 30-Piece Naval Band At Naden If Enough Bandsmen Enlist

A naval band of 30 men is authorized for service at H.M.C.S. Naden in Victoria, Hon. D. C. Abbott, Minister of National Defence, has informed R. W. Mayhew, M.P.

Mr. Mayhew has forwarded a copy of Mr. Abbott's letter to the City Council, which recently made representations to him to press for stationing of both army and navy bands in Victoria.

Regarding the naval band Mr. Abbott explained, "I am of the opinion that some little time will elapse before the naval service will have sufficient bandsmen available," because, unfortunately, the great majority of men who served during hostilities have been demobilized which left the navy with very few permanent or interim force musicians.

## Kipling Society Helps Cancer Fund

Among Victoria club representatives who have called at Conquer Cancer Campaign headquarters with subscriptions are members of the Kipling Society.

Yvonne Stephenson, campaign secretary, said today Kipling's famous "Stalky" and "Mik" stories, which until his death last March, was chairman of the National Society for Cancer Relief. She noted that before Victoria's drive to raise \$50,000 in the Conquer Cancer Campaign got under way members of the Kipling Society had planned to send their subscriptions to the National Society in England.

In 1945 the National Society for Cancer Relief, she said, paid out more than \$16,000, part of which was spent to provide nursing homes for poor cancer patients.

Returns in the Victoria drive reached \$9,773.84 today.

## Veteran-Strikers' Requests Pending

A number of applications for out-of-work benefits by war veterans among I.W.A. strikers are pending, Assistant District Administrator S. H. Okell of the Department of Veterans Affairs said today, but he added, "Exactly the same regulations apply to war veterans' out-of-work benefits as apply to unemployment insurance."

In Vancouver, 1,100 ex-service men among the strikers were reported Monday to have decided to apply to the department for out-of-work benefits, following a report from the strikers' veterans' committee, which indicated it believed veterans could apply for the benefits whether on strike or not.

## Nine Victoria Girls Write Lonely Airman

A lonely English airman in Iraq has written Mayor Percy George thanking him for his good offices in obtaining nine "pen pals" for him.

The airman writes: "I'm no more a lonely airman in Iraq, for up to present time nine of your Victoria girls have been good enough to answer my request. I think that shows what a swell Anglo-Canadian friendship we have. Thank you, sir, hoping in the very near future I will be able to personally shake your hand."

He promises that on his release from the air force he will visit Victoria, "hoping that day is not far off."

The Zoning Board of Appeal will meet at the City Hall Thursday afternoon at 2.

## Help For Britain In Palestine To Be Discussed By U.S.

WASHINGTON (AP)—State Secretary Byrnes said today the United States is preparing to discuss with Britain what military forces the United States might make available to maintain order in Palestine during the increased Jewish immigration.

Mr. Byrnes refrained from giving any impression at a news conference that he favored the United States make any troops available, but he said Britain had raised various questions and the United States would discuss them.

The secretary, who will leave Thursday for resumption of the Foreign Ministers' meeting at Paris, June 15, also said he would like the prayers of the American people to help him in his work with Foreign Minister Molotov of Russia, Bevin of Britain and Bidault of France.

## Not Merely A Game

He also cautioned against regarding the conference as a game in which one country or another might score a diplomatic victory. "All of us must have but one hope," he said, "and that is making some progress toward a just and enduring peace."

Mr. Byrnes said the White House had announced the appointment of a cabinet committee of the Secretaries of State, War and the Treasury to advise the President on Palestine policy and future moves.

Beyond this he said, Ambassador W. Averell Harriman is taking up with the British government a plan for an Anglo-American committee of experts to study what Mr. Byrnes called the practical and physical factors involved in increasing Jewish immigration into Palestine.

## May Get Pat Bay Water System

Possibility that the Elk Lake Patricia Bay water system might be made available for civilian purposes was indicated in a letter received by Mayor Percy George today from Maj. Gen. G. R. Pearkes, M.P. for Nanaimo.

Gen. Pearkes enclosed a letter from Air Minister Colin Gibson, which stated that the water supply system serving Patricia Bay airport had been declared surplus and will be disposed of through the War Assets Corporation, with the guarantee that a continued adequate supply of water will be given both the air force and army in this area.

## Thief Breaks Open Fairfield Mail Box

Little mail is believed to have been stolen by a thief who broke open a post box at Carnes and Durban Streets Monday night. The breaking open of the box was the first case of its kind in the city since the installation of the new mail boxes.

City police, in co-operation with post office officials, are investigating the case in which the door of the post box was torn completely off the box.

The box was cleared at 8 Monday night, Postmaster Gardiner said. It was reported to have been broken open at 8:45 this morning by B. Gault, 1345 Minto Street. It never was used to any great extent by mailers.

## Victoria Conservatives To Back Anscomb

Victoria delegates to the Progressive Conservative Party provincial convention to be held this week-end in Vancouver will back Finance Minister Herbert Anscomb "to a man" as provincial party leader, Percy Payne, president of the Victoria Progressive Conservatives, announced today.

Mr. Payne said the Victoria delegation would represent 90 per cent of the total vote the city was entitled to send. About 30 delegates will attend the convention.

By standing vote the Victoria delegation unanimously endorsed Mr. Anscomb for provincial leadership at a meeting held at Macdonald Hall Monday night.

"We feel that with his experience he is the best man. We want somebody who will co-operate with Hart," said Mr. Payne. He indicated W. A. C. Bennett, South Okanagan Progressive Conservative M.L.A., had been considered, but delegates considered he lacked administrative experience at the present, although in the future he might be reconsidered.

## Town Topics

Vancouver Island Beekeepers' Association will meet this evening at 8 in the City Hall council room.

The Junior Auxiliary of St. Joseph's Hospital has written Mayor Percy George, requesting permission to hold a tag day this fall.

Mayor Percy George will welcome the Grand Chapter of Royal Arch Masons of B.C. to Victoria when the organization holds its annual convocation June 18.

Mayor Percy George returned to the city today after a 10-day absence, during which he attended the Fortiam Rose Festival. At the Rose Festival he was created a "Knight of the Rose."

"Every possible effort is being made to reduce the burden of taxation wherever possible," A. E. Ainger, private secretary to the Minister of National Health and Welfare, told Mayor Percy George in a letter answering an inquiry concerning the special war excise tax on soft drinks.

Real Estate Board of Victoria will hold a luncheon meeting in the Kit Kat Cafe tomorrow when Lt.-Col. F. Brooke-Stephenson will speak on the recent meeting of the Central Mortgage and Housing Corporation and housing committee of the Dominion Mortgage and Investment Association held in Vancouver.

George Baskin, 1609 Redfern Street, has written the City Council suggesting that street repairs or improvements be included in a local improvement plan instead of being put in the form of a money by-law. This, he explained, would mean that the people on the streets getting the repairs or improvements would pay for them, the plan would be self-supporting and the whole city would not be burdened with the costs.

Building permits have been issued to J. Politano, to build a five-room house at 2525 Quadra Street, costing \$5,000; to O. H. Arnold, four-room house at 2525 Vancouver Street, \$3,300; to L. Henry, five-room house at 2705 Roseberry Avenue, \$5,000; to J. F. Glover, five-room house on Olive Street, \$4,500; to C. H. Anderson, four-room house at 547 Burnside Road, \$5,000; to S. D. Fwang, four-suite apartment building at 936-40 Queens Avenue, \$5,000; and to J. A. Bleakley, five-room house at 911 Bank Street, \$4,700.

An unusual reunion took place at Kilbride, Scotland, last week when RSM, William A. Thomas, R.C.M.E., son of Mrs. M. E. Thomas, 1054 Pandora Avenue, newly back in Scotland from the continent, met his sister, Mrs. John A. Stokes also newly arrived in Scotland by air from Ottawa. RSM, Thomas, a veteran of six years of army service, was accompanied by his English wife, and to make the reunion complete, Cmdr. John A. Stokes was expected to meet the group today after crossing the Atlantic by ship.

## New Appointment For Samuel MacLean

Economist with American Airlines in their Department of Economic Planning in New York City is the new appointment of Samuel MacLean, son of Mr. and Mrs. L. MacLean, 1456 Gladstone Avenue.

Born here 32 years ago, Mr. MacLean received his education at Victoria High, Victoria College and University of British Columbia, where he specialized in economics and mathematics. In 1938 he joined the Civil Aviation Division of the Department of Transport at Ottawa, transferring to Canadian Pacific Air Lines at Montreal three years later.

Mr. MacLean left the R.C.A.F., which he joined in 1942, to accept a position in the Aircraft Production Branch of the Department of Munitions and Supply.

Later this month he will receive his degree as Master of Business Administration in Air Transportation at the University of Texas, where he enrolled at the end of the war.

With Mrs. MacLean, a former Winnipeg girl, he will visit Victoria early in July.

## Strikes Delays

B.C. Electric Railway Co. Ltd. officials here said today the B.C. lumber strike, along with labor strikes throughout Canada and the United States, were serious threatening progress of the company's \$150,000 rural electrification program for Vancouver Island.

"The supply of poles, cross-arms and outside wiring are the principal materials affected," said E. N. Horsey, general superintendent. "Poles and cross-arms have been in short supply owing to the British Columbia lumber strike while troubles with copper and cotton production have hit into the wire supply situation."

## 'Don't Feel Guilty' Says Mihailovic Answering Charge

BELGRADE, Yugoslavia (AP)—Gen. Draja Mihailovic admitted at the trial for his life today that he met the Germans in "the second half of November" of 1941 and declared the meeting followed a German attack against him "with five divisions."

The Chetnik leader, on trial by Marshal Tito's Yugoslav regime for alleged treason and collaboration with the enemy, said that at one time, he couldn't do anything with "many of the troops who recognized my command."

He opened his defence with the statement that "I don't feel guilty."

Mihailovic, obviously tiring during a long series of questions about government charges of collaboration against individual Chetnik leaders, told the court: "I started with 26 men. There were masses of armed men—officers who had troops. I couldn't do anything with them, but I was glad they recognized me. When I went to Montenegro (where the court charges Chetnik commanders were collaborating with the Italian occupation forces) I didn't like the situation, but I couldn't change it."

Opening the case Monday, the Yugoslav government of Marshal Tito—who had just returned from two weeks of conferences in Moscow—charged that a United States officer took part in conferences between Mihailovic and a German commander in 1944 and that a British officer had told Mihailovic a year earlier to "liquidate the Communists" in Yugoslavia. Tito's regime has refused to allow Americans or Britons to testify for Mihailovic, first underground leader to gain prominence in occupied countries during the war.

## Briton, U.S. Man Held In Bucharest

MOSCOW (Reuter)—A Romanian communiqué quoted today by the Soviet news agency said an employee of the British mission in Bucharest and another of the United States mission were among several people arrested after the discovery of a "terrorist organization" there.

The communiqué as reported here, said: "Security organs and state police have discovered on Romanian territory several terrorist organizations posing as national resistance movements. The organizations operated under a central leadership. After careful investigation and the examination of documentary evidence, the government decided to arrest the leaders. The operations started May 25 and are continuing."

Among the persons arrested so far are: Gen. Aurel Aldia, deputy director of the secret service in the Radeanu government; Alexandru, a lawyer; and Colonel Plesnita. Also arrested were Elvire Oltianu, employed by the American mission in Romania and another person employed by the British mission.

**My Backache Gradually Disappeared**

Could any woman tell a happier story about backache than this:

"About 6 weeks ago I started having awful pains in my back. At times I could not straighten myself and I got depressed and worn out. I could scarcely carry on with my household duties and everything was being neglected. It was then I saw a Kruschen advertisement and I decided to give Kruschen a trial. I started by faithfully taking a small teaspoonful in hot water in the morning, and in three weeks—my word, what a difference! The pains gradually disappeared and though I am now 46, I really feel years younger."—Mrs. H. M.

There is always a cause of backache; and in many cases it can be traced to toxins or poisons, which stay in the system instead of being eliminated. And that is where Kruschen saline treatment can be of real help to you. Kruschen is a balanced combination of mineral salts... and its action is to help your organs of elimination. By taking Kruschen faithfully for a few weeks... as Mrs. H. M. did... many people have found joyful relief from wearisome backaches and rheumatic pains. The Kruschen saline treatment costs so little to try... Use it in your own case. Kruschen has helped others. Why shouldn't it help you? All drug stores have Kruschen at 25c and 75c.

## This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint horizontal lines near the top edge and small dark spots or foxing scattered across the surface. The page is otherwise empty of text or illustrations.

## This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint smudges and discoloration, characteristic of old paper. The left edge of the page is bound, showing the stitching and the inner cover material. The overall tone is warm and slightly yellowed.
